

Who may become a member?

— Membership is open to anyone who has received Jesus Christ as Lord and Saviour, been baptized as a believer, and desires to be a fully devoted follower of Him.

If you *have never been* baptized as a believer, we have a series of Baptismal Classes to explain some of the basic truths and responsibilities of the Christian life.

If you *have been* baptized, you may join on the basis of a letter of transfer from a Baptist church or your personal testimony.

How do I become a member?

— The first step is to attend a Sunday Church Membership Seminar.

— Secondly, fill out a church membership application after which you will be contacted by the church office to arrange a brief interview with a representative from our Church Board. During your interview, you will be asked about your faith in Christ and your interest in serving Him here.

— Upon approval of the board, you will be welcomed into our church family during a worship service.

WHY is local church important?

— Although it is true that church membership is not required for heaven, it is part of life as a growing Christian.

— A local church is the setting in which we grow as believers, so that along with committing ourselves to Christ, we ought to commit ourselves to His people.

— Becoming part of the church identifies you publicly with the awesome things God is doing through His church.

— Local churches of today, in spite of their human weaknesses, are still the latest expression of what God has been doing through the centuries.

— People join a church to identify themselves with that spiritual heritage. By joining a church we take our stand with those of 'like faith,' and so identify where God is at work and join Him there!

— Becoming a member of a local church is an intentional step that helps you to become a fully devoted follower of Jesus.
